

**COLOUR ME IN**

**We can't change the world,  
but we can change our small corner!**

**Bees, hoverflies, butterflies,  
moths, birds and beetles are  
POLLINATORS**

**A BUG HOTEL is a  
manmade nesting  
site or home for  
pollinators**

**Bugs are  
essential for  
pollination and as  
a food source  
for birds**

**Insects transfer pollen  
from plant to plant.  
This how new plants grow.**
